INDEPENDENT AUDITORS' REPORT

TO FLEXTRADE LLC:

We have audited the accompanying statement of financial condition of Flextrade LLC as of December 31, 2007 that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. The statement of financial condition is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Flextrade LLC at December 31, 2007, in conformity with accounting principles generally accepted in the United States of America.

In 2007 the Company corrected an error involving revenue recognition which occurred in previous years.

FLEXTRADE LLC

NOTES TO THE STATEMENT OF FINANCIAL CONDITION

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Organization:

Flextrade LLC (the "Company") was organized in New York on December 18, 2000, as a limited liability company. The Company is wholly owned by Flextrade Systems, Inc. (the "Parent"). The operating agreement provides for the Company to continue until December 31, 2040 unless dissolved sooner.

Principal Business Activity:

The Company licenses computer software primarily to security broker-dealers located throughout the United States. The software's function is to carry out and initiate orders to buy and sell securities. The software routes an investor's order to the broker-dealer for purposes of executing and settling transactions and all other elements of broker-dealer services. The Parent provides customer support services and performs other related administrative functions. The Company is registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA).

Financial Statement Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles may require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition:

The Company's revenue from licensing agreements is based on the number of shares traded through the use of the licensed software and recognized when the trades occur. Upfront fees from customers are deferred and recognized over the life of the contract. Some agreements may provide for a maximum annual fee payable by a customer. In such cases, if the company estimates that the volume of shares traded will result in the maximum being reached, the revenue is recognized on the straight line basis over the life of the contract.

FLEXTRADE LLC

NOTES TO THE STATEMENT OF FINANCIAL CONDITION

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Accounts Receivable and Allowance for Doubtful Accounts:

The Company's trade accounts receivable are recorded at amounts billed to customers and presented on the balance sheet net of the allowance for doubtful accounts, if required. The allowance is determined by a variety of factors, including the age of the receivables, current economic conditions, historical losses and other information management obtains regarding the financial condition of customers. The policy for determining past due status of receivables is based on how recently payments have been received. Receivables are charged off when they are deemed uncollectible, which may arise when customers file for bankruptcy or are otherwise deemed unable to repay the amounts owed to the Company.

Income Taxes:

No provision is required for federal and state taxes on the income of the Company. Under the Internal Revenue Code and similar state regulations the Company is treated as a partnership; accordingly, the income of the Company is taxed to the member.

Sales Tax:

The sales taxes charged by the Company to customers are presented in the financial statements on a net basis and accordingly, excluded from revenues and costs.

NOTE 2 - CASH SEGREGATED UNDER FEDERAL AND OTHER REGULATIONS:

The Company is not required to maintain a special reserve bank account for the benefit of customers under Rule 15c3-3 of the Securities and Exchange Commission under Section K(2)i of the Rule.

NOTE 3 - NET CAPITAL REQUIREMENTS:

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1.

FLEXTRADE LLC

NOTES TO THE STATEMENT OF FINANCIAL CONDITION

NOTE 3 - NET CAPITAL REQUIREMENTS (CONTINUED):

At December 31, 2007, the Company had net capital of \$698,126 which was \$582,295 in excess of its required minimum net capital of \$115,831. The Company's ratio of aggregate indebtedness to net capital was 2.49 to 1.

NOTE 4 - RELATED PARTY TRANSACTIONS:

The Company has an agreement with its Parent, which provides that the Parent will provide and pay for specified administrative duties and other services for the Company and that the Company will reimburse the Parent for its share of the associated expenses. The Parent charges the Company monthly an amount for its share of the estimated annual expenses and adjusts such amounts as of December 31, 2007 based on actual expenses incurred. The difference between the amounts billed and the actual expenses for the year resulted in an amount due to Parent which was treated as a capital contribution in accordance with the agreement. The agreement provides that the Parent and the Company shall review the cost allocation between the parties no less than annually whereby such amounts may be adjusted. The agreement terminates upon the mutual consent of the parties or the termination of the existence of either party.

NOTE 5 - CREDIT RISK CONCENTRATION:

The Company maintains accounts in a bank located in New York. The excess of deposit balances reported by the bank over amounts covered by federal insurance was approximately \$1,579,000 at December 31, 2007.

NOTE 6 - MAJOR CUSTOMERS:

Certain larger customers of the broker-dealers which license the Company's products may influence the selection of the software to be used.

FLEXTRADE LLC

NOTES TO THE STATEMENT OF FINANCIAL CONDITION

NOTE 7 - CONTINGENCIES:

Sales Tax Examination:

The Company is involved in a sales tax examination with New York State (NYS) which covers the period from September 1, 2001 to November 30, 2005. NYS is questioning the Company's methodology of determining the taxable portion of its revenue billed to customers that are subject to NYS sales tax but has not asserted that the current methodology is improper. The Company is currently assembling the necessary data to support its current position which management believes is correct. It is reasonably possible that the state could determine that the amount of revenue subject to sales tax could be adjusted. Should this occur, the Company would owe such additional sales tax plus interest from the beginning of the audit period through the balance sheet date and such amount could be material. The Company could attempt to collect this additional tax from its customers. While management cannot estimate the amount of the additional net sales tax cost, if any, they believe that the company has adequate resources to meet any obligation that may arise as a result of this matter.
